

PI's Copying a Risk Assessment

Copying a Risk Assessment from an Existing One

Copying an existing Risk Assessment allows PIs to quickly create multiple assessments with similar hazards and risks. Follow these steps to copy a Risk Assessment:

1. **Navigate to All Assessments:**

- From the homepage, go to **All Assessments**.

2. **Locate the Existing Assessment:**

- In the **RA** column, find the name of the participant whose Risk Assessment you want to copy.

Participant Review

Once the Risk Assessment is created, it is ready for the participant's review.

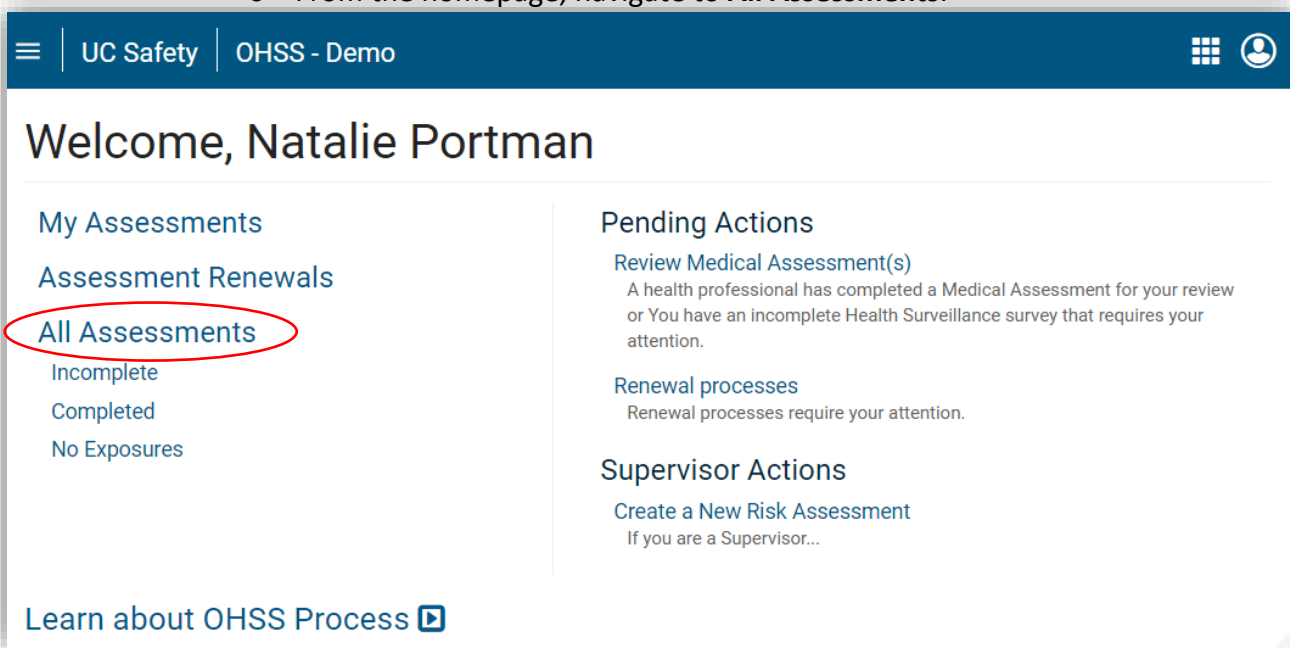

- The system allows the PI to send a pre-drafted email to the participant with instructions.
- A customizable text box in the email allows PIs to add specific details or notes

Viewing a Participant’s Status

PIs can track a participant's progress in the Health Surveillance process without accessing Protected Health Information. Only the status of the Health Questionnaire (HQ) or Medical Assessment (MA) will be visible.

1. Go to All Assessments:

- From the homepage, navigate to **All Assessments**.

4. Send Reminders:

- If action is needed, click the **Email** button on the far right to resend the last notification.
- A new tab will open, allowing you to add notes to the email before sending.
- The participant will receive an email prompting them to complete the necessary steps.

The screenshot shows the 'All Assessments' page in the UC Safety OHSS - Demo system. The page includes a header with 'UC Safety | OHSS - Demo' and a user profile icon. Below the header, there are tabs for 'Incomplete', 'Completed', and 'No Exposures', and an 'Archive' button. The main content is a table with columns: Participant, Supervisor, Department, RA, HQ, MA, and Send Email. The first row of the table has a red circle around the 'Send Email' button, which is labeled 'Email 10/10/2016'.
